A Note from the NMB Directors

This performance is exciting because it gives us the opportunity to share our show with the NCHS audience, and it is an opportunity to meet eighth grade musicians! You have a HUGE impact on whether these eighth graders choose to be a part of the NMB next year. Please be positive and professional, and let's make this a great night to remember for them! Have a GREAT show at halftime for one of our home crowds! Let's do this!
